Change Description
Due to increasing variant complexity and constraints in the supply chain, Allied Vision has decided to discontinue the products listed in the annex. This step allows us to maintain a focused product portfolio and to concentrate our resources on the products our customers rely on most.

Reason for Change
Reviewing the scope and technical relevance of our portfolio is a regular part of our product lifecycle management.
The dates listed below reflect current component availability and technical feasibility. They may be subject to change in the event of circumstances beyond our reasonable control.

Impact / Possible Successor
Allied Vision offers a Last Time Buy period of 6 months. This approach acknowledges the challenges posed by the discontinuation for our valued customers and partners. Please contact your sales representative with any questions regarding the discontinuation process or possible replacement products. We thank you for your trust in Allied Vision products and look forward to continuing our cooperation.
